KELOWNA CONCIERGE LAUNCHES: FULL SERVICE PLANNING & OKANAGAN TOURS

Specializing in custom vacation itinerary planning, Okanagan tours & corporate activities

Kelowna, British Columbia: Kelowna Concierge is pleased to begin operating as the Okanagan's first full service planning company that aims to connect incoming visitors with the many incredible activities within the Okanagan Valley. Also specializing in uniquely Okanagan Tours, like their "Brews & Views Okanagan Craft Brewery Tour" and "Market to Table Culinary Tour" the company offers visitors something different than traditional wine tours.

Kelowna Concierge was founded by four passionate hospitality professionals who dreamed of spending their days sharing the best of the Okanagan lifestyle with visitors. Co-owner / Operators, Chad Haller & Jon De Bruyne honed their guest service skills through previous roles at the Delta Hotels by Marriott Grand Okanagan Resort and are excited to demonstrate their extensive knowledge of Tourism in Kelowna and superior customer service with their guests. Co-owner / Financial Manager, Jessica Eldridge and Co-Owner / Marketing Manager, Jillian Wegner complete the company in their supportive roles, both with 12+ years experience in the hospitality industry.

True to their name, Kelowna Concierge introduces a traditional hotel style concierge service to all incoming visitors. They will create custom itineraries from simple day trips to full week stays with the goal of giving their clients more time to enjoy their vacations. Stocked arrival services will include pantry and fridge stocking that will showcase Okanagan suppliers and artisans so long-stay visitors can skip the grocery store on day one.

A meeting planners' best friend, Kelowna Concierge will also aid in arranging off-site activities for delegates, team building events and spousal programs unique to the Okanagan Valley. Other

Destination Management Services include arranging transportation, booking venues and sharing their extensive knowledge of Kelowna and surrounding areas.
